

Maheesha Udalagama

Software Engineering Undergraduate & Full-Stack Developer

Matale, Sri Lanka | +94 76 790 0101 | maheeshaudalagama@gmail.com | [LinkedIn](#) | [GitHub](#) | maheeshaudalagama.online

PROFILE

A passionate Software Engineering undergraduate at the Java Institute for Advanced Technology (4th Year) specializing in full-stack development. I bridge the gap between robust backend logic and visually striking frontend design, with hands-on experience in React.js, Java, Android development, and modern web technologies. I enjoy building user-focused applications and solving real-world problems with clean, efficient code.

EDUCATION

Java Institute for Advanced Technology BEng (Hons) / BSc (Hons) in Software Engineering	2023 – 2027
MT/ Vijaya College (National School), Matale GCE Advanced Level Examination	2022
British Way English Academy Diploma in English Language and Literature	Dec 2018 – Mar 2019

WORK EXPERIENCE

Southeye Sri Lanka — Video Editing Intern • Transformed raw footage into compelling news stories under tight deadlines for broadcast production. • Applied advanced editing techniques to ensure narrative clarity and high audience engagement. • Executed color correction and audio leveling to elevate production quality of broadcast content.	Dec 2023 – Feb 2024

PROJECTS

Shofyra — Android eCommerce Mobile App

<https://github.com/Maheesh218a/Shofyra>

Tech: Java | Android Studio | Firebase Auth | Firebase Firestore | XML

- Built a full-featured Android eCommerce app for selling electronic products with a modern UI.
- Implemented cart functionality, product listing, checkout flow, and secure user authentication.
- Integrated Firebase Realtime Database/Firestore for real-time data and Firebase Auth for login.
- Added product search, filtering, and light/dark mode support for enhanced user experience.

Shofyra Admin Panel — Web-Based Management System

<https://github.com/Maheesh218a/admin-panel>

Tech: React.js | Tailwind CSS | Node.js | Express.js | MongoDB | REST API

- Developed a full-featured admin dashboard to manage the Shofyra eCommerce platform.
- Built modules for product management (CRUD), user management, and order management.
- Integrated analytics overview dashboard, image uploads, and admin authentication system.
- Designed with scalable UI components using React and Tailwind CSS, with real-time database integration.

GM Super Service — Transport Booking System

https://github.com/Maheesh218a/GM_Super_Service_MobileApp

Tech: Java | PHP | MySQL | JavaScript | HTML/CSS

- Built a full-stack web application for online bus reservations and trip planning.
- Integrated a secure Java backend with MySQL for real-time seat availability and booking management.
- Designed an interactive, mobile-first frontend for seamless user experiences.

Adyapana Institute Management System — POS Desktop App

https://www.linkedin.com/posts/maheesha-udalagama-11958b273_pointofsale-possystem-educationmanagement-activity-7288410699033194496-0nEh

Tech: Java | MySQL | JDBC | JasperReports

- Developed a POS-style desktop application to automate student registrations and payment processing.

- Replaced manual workflows, digitizing all records in MySQL and improving administrative accuracy.
- Implemented receipt generation and reporting features using JasperReports.

Gym Management System — Desktop Application

https://www.linkedin.com/posts/maheesha-udalagama-11958b273_gymmanagementsystem-javadevelopment-jasperreports-activity-7339505006254964736-3qID

Tech: Java | MySQL | JDBC | JasperReports

- Built a comprehensive gym management desktop app to automate member registrations and payments.
- Integrated JasperReports for printable membership receipts and attendance reports.
- Digitized all gym records in MySQL, eliminating paper-based processes.

Personal Portfolio Website

<https://maheeshaudalagama.online>

Tech: React.js | Tailwind CSS | Vercel

- Developed a high-performance showcase with a unique terminal-style loading sequence and glassmorphism UI.
- Optimized for performance with custom scroll animations and a fully responsive grid layout.

React Native Chat Application

<https://github.com/Maheesh218a>

Tech: React Native | TypeScript | NativeWind

- Architected a cross-platform mobile chat app with real-time messaging and user authentication.
- Implemented scalable state management and a responsive NativeWind-styled interface.

TECHNICAL SKILLS

Frontend:	React.js, React Native, JavaScript, TypeScript, Tailwind CSS, HTML5 / CSS3
Backend:	Java, PHP, Node.js, Express.js
Database:	MySQL, MongoDB, Firebase Firestore, JDBC
Mobile:	Android (Java/Kotlin), React Native
Tools & Deployment:	Git, GitHub, VS Code, IntelliJ IDEA, Android Studio, Vercel, Netlify

CERTIFICATIONS

- Complete WordPress Website Developer Course — Udemy
- Certificate in Computer Application Assistant — Nexa Institute (2016)
- Diploma in English Language — British Way English Academy (2018–2019)
- Spoken English Certificate — Institute of Western Music & Speech
